QUALITY FLOAT WORKS RECEIVES 100% CUSTOMER SERVICE RATING FROM FMC CORPORATION

Schaumburg-Based Manufacturer Praised for Superior Delivery Performance

SCHAUMBURG, IL (March 20, 2007) – Schaumburg-based Quality Float Works, Inc. has received an outstanding delivery performance rating of 100% from FMC Corporation. The rating is the latest in a series of recent exciting news for Quality Float Works, Inc., a manufacturing company that produces metal float balls for a variety of industries such as gas, oil and plumbing. Recently, Sandra Westlund-Deenihan, President, was elected to the Board of Directors of the Tooling and Manufacturing Association (TMA).

“Quality is not just built into our name, but our products, said Jason Speer, Vice President and General Manager. We have instituted a 100% inspection rate at every level of production to ensure that our floats meet our customers specifications.”

FMC Corporation is one of the world’s most diversified chemical companies. Founded in 1883, FMC is a global leader and provides innovative and cost-effective solutions to food and agriculture, pharmaceutical, pulp and paper, textiles, glass and ceramics, rubber and plastics, lubricants, structural pest control, turf & ornamental markets, specialty and related industries.

Quality Float Works, Inc. meets customer’s needs with the premier metal float balls in the industry. Quality Float Works, Inc. advanced production capacity and in-house design capabilities allow the company to develop floats in a wide variety of shapes and sizes. Quality Float Works, Inc. can develop specific floats for even the most critical control conditions and will custom build any float to meet the necessary requirements.

Customers throughout the United States, Canada, Asia and Europe rely specifically on Quality Float Works, Inc. floats to operate their equipment. Its innovations, design capabilities and quality products allow them to gain a market advantage because of its quality product. Quality Float Works, Inc. allows customers like Dupont, Ford, General Dynamics, Grainger, the U.S. Department of Navy and Walt Disney use its floats as vital components in their equipment.

Louis Yablin founded Chicago Float Works in 1915 in his southwest side home. Today, Quality Float Works, Inc. remains a family owned and operated company led by Sandra Westlund-Deenihan serving as President and her son Jason Speer serving as Vice President and General Manager.
